Dear AMS participant:

The enclosed *Customs Automated Manifest Interface Requirements (CAMIR) – Intermodal* fourth edition, replaces the full CAMIR publication issued in August 1995. This document includes all changes that have occurred in AMS since that time.

A summary of changes is included to help you quickly identify the changes. Please read this summary carefully and refer to it as often as needed.

We will continue to provide notification of changes or enhancements to AMS through administrative messages. In addition this document will be available on the Customs Web Site.

As always, your input is welcome. Please use the comment form included at the end of this document to report any problems or inconsistencies to use.

Sincerely,
